FROM ANALYST TO SUPERVISOR QUENTIN
TRUMPETS HIS OWN SUCCESS BY SINGING HIS TEAM’S PRAISES

You know GEICO for insurance. Get to know us for great careers, too.

Quentin needed a job, but got a career. He started as an entry-level Analyst, now he’s a Supervisor, leading others in ways they can grow at GEICO. At work or on stage, he’s an entertainer at heart.
Start your GEICO career as an Analyst.

From day one, your work will have an impact, forming the basis for truly transformative solutions. If you have a passion for problem solving and you’re interested in making a real contribution at the fastest growing auto insurer in the United States, then an analyst position may be right for you. A strong ability to communicate effectively and guide others to make complex decisions will be especially valuable. Members of our team work closely with stakeholders throughout various areas of the organization, making this a great place to launch your GEICO career.

We hire driven professionals with:

- A Bachelor’s degree in a quantitative field
- A cumulative GPA of at least 3.0
- Related project, internship or work experience
- Proven analytical and problem-solving abilities
- Excellent communication skills
- Strong computer skills, including Excel and some SAS or SQL programming knowledge
- Demonstrated leadership potential
- A desire to live in the Washington, DC, area

PRODUCT STRATEGY ANALYST

Contribute to GEICO’s overall growth and profitability by utilizing predictive analytics to help evaluate factors that enhance our line of insurance products. A typical day may include using various programming languages to analyze sales and profit data, monitoring GEICO’s competitive position, and presenting strategic business proposals to senior management.

STRATEGIC MODELING ANALYST

Help develop complex solutions to critical business problems faced by GEICO. You will be collecting, organizing, validating, and analyzing data to support these product reviews or pricing analyses, utilizing statistical modeling and analysis techniques on state-specific and countrywide data, and then presenting and communicating your proposals to all levels of management, including regional and corporate executives.

MODELING ANALYST

Make an impact and help GEICO maintain profitable growth by building models, mining data, developing transformative solutions and presenting innovative solutions. Be an analyst on one of the teams to predict risk, prevent fraud, improve the customer experience or enhance the long-term quality and efficiency of GEICO’s policy decisions.

BUSINESS ANALYST

Help drive GEICO’s business objectives by leading projects and collaborating with other analysts to develop innovative solutions for our customers. A typical day may include analyzing large data sets, optimizing reports, developing recommendations for systems/product changes and/or presenting proposals to management.

YOU THINK YOU KNOW US. BUT YOU’LL FIND CAREER PATHS AT GEICO PLEASANTLY UNEXPECTED.
